ADMISSION
We admit male and female students from any country and religious background who:
• are 17 years old or older
• have at least an 8th grade education
• possess English ability from zero to advanced
• can provide proof of financial means to pay for school and living expenses while in the U.S.

A U.S. Immigration Form I-20 needed to apply for a student visa will be issued to a prospective student living outside the U.S. See the insert in this brochure for our application and more information.

THE IEI DIFFERENCE
At the International English Institute (IEI), you are more than just a student – you are a part of the IEI family.

Since 1977, our experienced faculty and staff have offered a personalized English study experience at private institution with small classes, weekly activities and trips, and opportunities to meet and interact with Americans.

Join more than 6,500 students from over 110 countries who have already experienced the IEI difference!

ACCREDITATION
The International English Institute is accredited by the Commission on English Language Program Accreditation and a member in good standing of the American Association of Intensive English Programs.

OUR MISSION
Our mission is to teach English with excellence and love to speakers of other languages in a friendly atmosphere and to serve as a bridge between cultures. We believe our mission is best achieved by combining qualified, caring, and experienced teachers and administrative staff with diverse students who have a sincere desire to learn.

WE'RE MORE THAN A SCHOOL
WE'RE A FAMILY!

NASHVILLE
TENNESSEE
U.S.A.
Numerous opportunities to meet and talk with American conversation partners, such as parties, theater and sports events, and trips around Tennessee and to surrounding states. Plus, you’ll have the IEI difference doesn’t end in the classroom. You will have weekly opportunities for cultural and social activities, allowing for maximum individual attention, and our teachers are qualified, caring professionals who share a common goal of helping you to succeed.

We assess each student’s English language needs and plan a program to meet these needs. You will be tested and interviewed when you arrive to determine your proficiency levels in speaking, listening, writing, grammar, and reading. We will then recommend the appropriate classes for your individual abilities and needs. Some students are not in the same level for every skill.

IEI's curriculum is divided into six levels and prepares you linguistically for success in university or work through classes in grammar, conversation, writing, reading, and listening. Advanced students can prepare for the TOEFL, MELAB, or TOEIC tests through a solid knowledge of English and practice in test-taking techniques.

Full-time students receive 20-25 hours of instruction per week for seven weeks per term. Serious students who attend all classes, complete homework assignments, and attempt to speak only English inside and outside the classroom can expect to complete a level each term.

For a more detailed description of our academic program, please contact us at info@iei.edu or visit us online at www.iei.edu.

Whether you are a beginner or an advanced speaker of English, our classes make the difference that can help you progress quickly. A strong foundation in grammar will help you to listen to and read English as well as to communicate your ideas effectively in spoken and written English. Small classes allow for maximum individual attention, and our teachers are qualified, caring professionals who share a common goal of helping you to succeed.
